### Create the UC System that you need

Flexible solutions that anyone can easily connect with, no matter what device they are using or how they prefer to work. You can create the UC system that you need with UX Pro Evolved and our ecosystem.

### Remote management

Control multiple Clevertouch devices, wherever they are. The IT department can remotely take control of your company's fleet of Clevertouch displays.

### Use for signage

Transform your screen into a digital signage display. With CleverLive you can broadcast messages, alerts and important information.

### Screen mirroring with touch-back

Clevershare allows you to mirror any device, on any platform. With touch-back it's a two-way touch sharing application.
