

Manico FunBoard

FunBoard is a giant, interactive, multifunctional, and multitouch surfboard for children. With a thinner and more portable design than its larger sibling, the FunTable, Manico's FunBoard can be mounted on the wall or laid on a table or the floor.

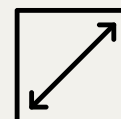

Thick, hardened, anti-reflex protective glass.

Multi-user simultaneous touch and drawing.

Includes access to the Google Play Store.

Unique, playful design with a vibrant 32" touchscreen.
